

(Junior) Test Engineer (all genders) e*star

Trade the way you want.

Locations: Karlsruhe, Frankfurt am Main, Leipzig

e*star provides trading solutions for the European energy markets and has more than 15 years of experience in this field. The European energy sector is currently undergoing a historic transformation due to the energy transition and digitalization. As experts in this field, e*star is working on shaping and developing the European energy market of the future - together with our customers.

What awaits you

- As a member of a product team, you actively support ensuring product quality
- You will work interdisciplinary and closely with developers, consultants, and project management
- Creation of test cases and test scenarios based on the specification of the system
- Execution (manual and automated) of test cases
- Analysis and documentation of test executions
- Handling errors in a tracking system (bug tracking)

What we expect from you

- A degree in the field of (business) informatics, science, technology, engineering, mathematics, business administration or comparable courses of study or trainings
- You have an affinity for IT, feel at home in an agile environment and aim to constantly develop yourself professionally and personally
- Knowledge of object-oriented languages (Java, C#) and common software development tools
- Ideally, relevant qualification or certification (e.g., ISTQB)
- An independent and very precise way of working with high demands on quality
- Excellent analytical and communication skills and teamwork capability
- Particularly good English or German language skills

Why e*star

- Enjoy a professional environment within a relaxed, friendly corporate culture
- Mobile working? Night owl or early bird? A classic consultant lifestyle with 5 days on site is not for you? With us you will find enough space for an optimal work-life balance
- Stay healthy – our company supports you with a fixed health budget for individual services

We are a home for tech enthusiasts and doers. Origin, age, preferences - it doesn't matter to us. What counts is that we burn for the common cause.

We are already looking forward to getting to know you!
